Lost/damaged materials: For lost items, for which a current retail value is available, the retail value will be charged. Older items may be assigned a standardized value (typically \$25.00). For items priced under \$5.00, the standard amount is \$5.00. If patrons lose materials, pay for them, and then find them, the library will provide the patron a refund, less a \$3.00 service charge. Damaged items may be handled on an individual basis. If a damaged book or other item is unusable, the complete cost of replacement must be paid by the patron.
